German competitors in Sólyom Team

28 February 2011, 10:06

In the past years from time to time German Los Osos team appeared in Hungarian and other European cross-country rally events. This year Björn Hrabal and Walter Hrabal aim for the category TH title of the Hungarian Championship with Hungarian licence as members of Sólyom Team.

The crew starts in the TH category of 2011 Hungarian Championship and the FIA Central European Zone Trophy for Cross-Country Rallies with a Mercedes Benz G. The German federation has released the two competitors so all obstacles are cleared so the crew can collect valuable points in the Championship as members of Sólyom Team.

Olivér Sólyom: „In the past few weeks events followed on each other's heels at Sólyom Team. HAWKIA is being reconstructed thoroughly at the moment which gives plenty to think about but the results are promising. I am also very happy that Björn and Walter Hrabal have joined the team and we'll do our best that they can win the TH category of the Hungarian Championship and the CEZ.”
